

Digital Signage that Makes Scents!

Put scent in your stores with digital signage to advertise brands and make the shopping experience more fun and profitable for the store. Charge the Brand for this form of Advertising and turn Scenting Your Store or Department into an income producer as well as a great merchandiser. When the consumer can smell your product and know what it is, they will buy it.

Bright LEDs display your message. Fragrance Fan Hubs or scented blades emit your product's scent.
